

# Blink

Zeds Dead

This is our moment  
Now we both agree, you said you loved me finally

Do not breathe too deep and chance  
The moment blow away, do not blink, oh  
I cannot blink for I fear that you will somehow disappear  
I will not blink, oh how I tried to keep you here

Blink, blink, blink  
Cannot blink

I understand, speaking of the stars  
My aching heart is soothing now

Do not breathe too deep and chance  
The moment blow away, do not blink, oh  
I cannot blink for I fear that you will somehow disappear  
I will not blink, oh how I tried to keep you here
