

# Darling

Zee Avi

Down to my last stick of cigarettes  
Down to the last thought in my head

You saw me  
Packing my bags  
You asked me if I was coming back  
And I told you that I wasn't sure

And I'm five steps away from out the door

Darling it ain't easy  
For me to say goodbye  
I have found myself another guy

You look confused  
And I don't blame you  
But you're never around  
Enough for me to love you  
For me to love you

Darling don't deserve me

You don't deserve my love  
I had planned to give but you shoved it off

Don't think I don't know about the hair on the pillow  
And it seems what we had was just a show  
Was it all, just a show?

Darling it ain't easy  
For us to say goodbye  
But I just hope that we have better lives

Darling it ain't easy  
For us to say goodbye  
But I just hope that we have better lives

Darling it ain't easy  
For us to say goodbye  
But I just hope that we have better lives
