

Stay In The Clouds

Zee Avi

Can I please stay in the clouds forever?
'Cause I really like it here
(2x)

If they can see what I can see
If they can hear what I can hear
If only they can see what I can see
They would really like it here

Just look at everything in front of you
Then look from above
(2x)

Come and please stay in the clouds forever
You would really like it here
(2x)
