

## Razorblade

Zeke

I knew a stupid prick  
He was a fucking dick  
And he was looking for an easy way out  
He reached into his shit  
Ploffered a rusty bit  
It was a razorblade / a rusty razorblade  
Death by bloodloss / suicide razorblade

And lying on the floor  
Just right outside the door  
He was about to take his very last breath  
The paramedics came yeah it was fucking lame  
And he was waiting for the angel of death
