

Sacrifice

Zella Day

I don't wanna be touched by the fear in your eyes
I don't wanna be left for my demons to find

When the leaves are gone and the beating's sun
Brings the world bang drums
(2x)

Tell me you, will hold me in the golden afterlife
Yeah, you
You don't have to die alone tonight

I will find you in a burning sky
Where the ashes rain in your mind
Ohh, ohh
Sacrifice
If we're closer to the other side
And the heavens all start to cry
Ohh, ohh
Sacrifice
Sacrifice
Sacrifice

Be a dose of protection through the blood and the tears
If you losing yourself, then my body is here

When the leaves are gone and the beating's sun
Brings the world bang drums
(2x)

Tell me you, will hold me in the golden afterlife
Yeah, you
You don't have to die alone tonight

I will find you in a burning sky
Where the ashes rain in your mind
Ohh, ohh
Sacrifice
Sacrifice
If we're closer to the other side
And the heavens all start to cry
Ohh, ohh
Sacrifice
Sacrifice

If you start running away
Then there'll be no where to hide
If you starting running away there'll be no where to hide

I will find you in a burning sky
Where the ashes rain in your mind
Ohh, ohh
Sacrifice
If we're closer to the otherside
And the heavens are starting to cry
Ohh, ohh
Sacrifice
Sacrifice

I will find you in a burning sky
Where the ashes rain in your mind
Ohh, ohh
