

## Everything Up (Zizou)

Zero 7

Mauritania to Willesden Green  
The truth is faster than a laser beam  
Cross a table in the seven seas  
It's coloring, coloring everything  
With a mirror and a steady hand  
We can remedy your broken band  
Turn it round like Zinedine Zidane  
Yes we can, imagine it if you can

Spot the difference if you can, come on  
Catch a fire inside your hand  
It's burning deep like moodyman  
101, oh, 101, come on  
Murakami would have told you so  
If you catch him will you let me know  
Bobbing apples in the studio  
Pack it up, Ikiti do-si-do

Bateese in full swing  
Turn up everything  
Cross a table in the seven seas  
It's coming faster than a laser beam  
Spot the difference if you can  
It's coloring, coloring everything  
Turn it round if you can  
Yes we can, imagine it if we can  
Yes we can, imagine it if we can  
Turn it round like Zinedine Zidane  
Yes we can, imagine it if we can

Yes we can, imagine it if we can  
Yes we can, imagine it if we can  
Yes we can, imagine it if we can
