

It's the beginning of the end  
You want things to go faster  
It's the beginning of the end  
Now everything's too slow for you  
It's the beginning of the end  
You are one step closer  
It's the beginning of the end  
Say Amen

Or maybe Doctor Online could help you die  
You need wings to fly  
You need someone  
To take your place  
When you are gone

Is the beginning of the end  
You know nothing last forever  
A beginning of a trend  
You need someone there to care for you  
Is the beginning of the end  
I don't think you understand  
Just a beginning of a flatline  
Together
