

# Imaginary Friends

Zeromancer

You feel  
it can stay this way  
And you still feel  
it all got lost that day

But you gave it away now  
you can't touch it  
You gave it away now  
you can't have it

Your imaginary friends appear  
To make you feel like you're god for a day  
You're king for a day  
You're something special

You feel  
it's crawled up inside  
Loveless and numb  
You say it's over now

But you gave it away now  
you can't touch it  
You gave it away now  
you can't have it

Your imaginary friends appear  
To make you feel like you're god for a day  
You're king for a day  
You're something special one of a kind  
You got two imaginary hands  
Holding you down  
With a gun to your head  
Alive when you're dead  
That's when an angel's here

Yeah

Your imaginary friends appear  
To make you feel like you're god for a day  
You're king for a day  
You're something special one of a kind  
You got two imaginary hands  
Holding you down  
With a gun to your head  
Alive when your dead  
That's when an angel

Your imaginary friends  
Your imaginary friends  
Ooooooh Your imaginary friends  
Ooooooh Your imaginary friends  
Like you're god for a day
