

Lace And Armour

Zeromancer

Veil your face
Wear your lace
Trash your make up

Foil your eyes
Shade your lies
Suck and let go

And now I know your name
So you should know my name
And now I know your name
So you should know my name

Black lace
Black lace
Pierce your armour
In all the bad ways
Black lace
Black lace
The way to veil your face

Veil your face
Wear your lace
Trash your make up

Foil your eyes
Shade your lies
Suck and let go

And now I know your name
So you should know my name
And now I know your name
So you, so you should know my name

Black lace
Black lace
Put your garters on
and make me
Embrace the black lace
The way to veil your face

Black lace

Pierce your armour
In all the bad ways
Black lace

The way to veil your face

Pierce your armour
In all the bad ways
