

So lost to the depth
Of one emerald sea
White as the ghost inside
You were torn away from me

Love, Love, Love cut you deep
Love, Love, Love cut you deep

Once the arrow
Slammed through my chest
I thought you were special
Not like the rest

So lost to the depth
Of one emerald sea
Forever is a blindness
Torn away from me

Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love, Love cut you deep

It's the sound of those dry matches
Being lit
It's the deepest breath
You will ever draw
To the clicks of a million watches

Love, Love, Love cut you deep
Love, Love, Love cut you deep

I found myself
But lost you somewhere along
All hope is gone
What have I done?
Always torn between right or wrong

Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love, Love cut you deep
Love, Love
