

# Murder Sound

Zeromancer

Look at you now  
Regroup  
All dead inside  
You can't feel your  
Or touch her the ones you want

(And when will you learn that)  
My heart can't take this?  
(And when will you know that)  
My heart can't take this?

You're so pretty when you kill me  
(Swallow me down)  
The poison  
Clears my mind  
Oh you kill me when you say it  
(Out loud)  
That you want me

Resent yourself  
Don't talk  
Got you paranoid  
Admit the passion  
Admit the boy  
You're here to destroy

And when will you learn that  
My heart can't take this?  
And when will you know that  
My heart can't take this?

You're so pretty when you kill me  
(Swallow me down)  
The poison  
Clears my mind  
Oh you kill me when you say it  
(Out loud)  
That you want me

Ah ah

And when will you know that my heart can't take this?

Out loud

All dead inside  
And I'm dead inside

You're so pretty when you kill me  
(Swallow me down)  
The poison  
Clears my mind  
Oh you kill me when you say it  
(Out loud)  
That you want me

Oh you kill me when you say it

Oh you kill me when you say it
