

# Weakness

Zeromancer

Sync yourself  
It breaks my heart  
To see in silence  
not getting attention

When cheerleaders cry  
Astronauts die  
Something you cant resist  
Who wants a hollow kiss?

I'm sick and tired of holding  
Everyone at arms length  
I'm sick and tired of lies

It's the weakness  
That connects us  
It's the strength that tears us apart

Our lust  
Is a fading light  
Adjust  
To make things right  
Don't you know you need to die  
To survive

When cheerleaders cry  
Astronauts die  
I'm sick and tired of holding on to  
This weakness

This weakness  
That connects us  
It's the strength that tears us apart

Sync yourself  
It breaks my heart  
I'm sick and tired of holding on to  
Your weakness

Oh, Weakness  
Oh, Weakness

It's the weakness  
That connects us  
(Oh, Weakness)  
It's the strength that tears us apart
