

## Cocaine Model

Zhu

I asked her can I have your number  
Looks like blue must be your color  
Love the way you wear that dress  
Even though your hair's a mess  
She said its Isabel Marant  
And I got everything you want  
Only questions can you hang  
Will you come and entertain?

I will, I will, I will  
Never forget the thrill  
We know we know we know  
What we came for [x2]

They don't got it like that where you from  
If you give me what I want I'll give it to you right back [x2]

She told me was from morocco  
By the way of south Chicago  
Graduated in the bay  
Had her birthday in LA  
Said I had to go to Paris  
Private jets on her parents  
Asked me if I wanna roll  
I said if you take me home

I will, I will, I will  
Never forget the thrill  
Cuz we know we know we know  
What we came for [x2]

They don't got it like that where you from  
If you give me what I want I'll give it to you right back [x2]
