

Electrify Me

Zhu

Yes, oh, I can't wait 'til I see you, too
Uh huh, yeah, I think I want you

I'm a put your hands up, touch your body
Love it when I electrify ya
I'm a put your hands up, touch your body
Love it when I electrify ya

Electrify me, electrify me
Electrify me, electrify me
Electrify me, electrify me
Electrify me, electrify me

Electrify me, I just can't get over you, baby
Electrify me, I just can't get over you, baby

Electrify me, I just can't get over you, baby
Electrify me, I just can't get over you, baby

Electrify me, I just can't get over you, baby
Electrify me, I just can't get over you, baby
