Future Man, Future Lady

Ziggy Marley

Future man knows what to do, he's got a plan to help this land He's the future man, he's the future man Future lady's confident, she knows how to take a stand She's the future lady, she's the future lady

Bright in the yellow sun, there's energy for everyone Bright in the yellow sun, let it come, let it come Bright in the yellow sun, there's energy for everyone Bright in the yellow sun, let it come, let it come

Future man is taking steps, he ain't got no time to rest He's the future man, the future man Future lady's getting dressed, she's gonna clear up all this me ss She's the future lady, the future lady

The wind makes the windmill turn The wind makes the world go round and round The wind makes the windmill turn, let it blow, let it blow

The wind makes the windmill turn The wind makes the world go round and round The wind makes the windmill turn, let it blow, let it blow

Future man knows what to do, he's got a plan to help this land He's the future man, the future man Future lady's confident, she knows how to take a stand She's the future lady, she's the future lady
