

Rainbow in the Sky

Ziggy Marley

There's a rainbow in the sky all the time
Don't be blind
There's a rainbow in the sky all the time
Don't be blind, don't be blind

Said you I'm living in my fantasy
But is you who is blinded by reality
The material world means so much to you
You just can't get what I'm telling you

There's a rainbow in the sky all the time
Don't be blind, don't be blind
There's a rainbow in the sky all the time
Don't be blind, don't be blind

'Cause in a town called sorrow there was joy
Yes and there I met painless tear
Freed he expressed emotions that egos fear
My life is full of colors yeah my mind is clear

There's a rainbow in the sky
Rainbow in the sky

Found out mercy in every sunrise
I am born again from the womb of the night
All I have I have left behind
Minds eye, eyes eye a light will shine

There's a rainbow in the sky all the time
Don't be blind, don't be blind
There's a rainbow in the sky all the time
Don't be blind, don't be blind

There's a rainbow in the sky
Rainbow in the sky
