## Wild and Free

**Ziggy Marley** 

Do you recommend this? A fire burns for freedom A fire burns for freedom The smell of decent is I I am standing for the truth Too long has been denied The data of changing is rising I hope we realize Unchained wings let angels fly

I see fields forever Growing wild and free I see marijuana trees blowing in our breeze I see fields forever growing wild and free Wild and free

A crime against nations A war is there is a message In the wind for every race Peace and love we saw So let us grow is good for the Is good for the soul

So lost the kiss of death Deny the tree of life Stand hypocrisy for so many lies Corporation greed can only see Survive by planting weed

Crucified savior to save your face Demonized nature our saving grace We got to put to good use What the lord has gave Fruits of the tree herbs of the
