Zion I

Sometimes I feel down and lonely
And I can't carry on
When I (?)
Makes me wanna carry on
Makes me feel brand new
Make me feel brand new

Every breath is a prayer
We still livin
World still spinnin
I'm still thanks givin
Trying to get it right
But I'm left here trippin

Make me feel brand new

Used to feel a lil better
Bout the garden I'm tendin
Weeds in my life
Enemies I befriended
Feels hella heavy
Please don't get offended

Make me feel brand new

Got jealousy and envy
Round every corner
Suckas pop (junk?)
But I know they don't want it
Smile in my face
But I know it ain't cool

Make me feel brand new

I ask you to forgive em
In this world of sin
We all need a little love
Where to begin
Was a child now a man
You my bestest friend
Unseen but you feel like my next of kin

(What should I do,
When Can I
Talk to you through my antenna

What should I do,
When Can I
(Make me feel brand new)
Talk to you through my antenna) x2

Wish I could come home
Talk face to face
3rd rock from the sun
Drift through space

Spinnin like an angel
With a dirty face

Make me feel brand new

Like the world turn quicker
With every drag clicker
Hand on the post
One eye on the ticker
When the last (drop is sand?)
What the hell we supposed to do

Make me feel brand new

Greenhouse in effect
So the globe get hotter
Third world villages
Can't find water
Sons get the sins
Passed down from the father

Make me feel brand new

I wouldn't ask you the question
To save us all
But I bask in your blessing
The pain is raw
We were cut from your cord
When we took the fall
So when I'm lost in the sauce
Help me find the shore

(What should I do,
When Can I
Talk to you through my antenna

What should I do,
When Can I
(Make me feel brand new)
Talk to you through my antenna)
