

Gone

Zombie Ghost Train

There's a voice that talks to me, said to leave was wrong
It's night but the sky's not falling, guess I must go on
There's a monster inside my head, calling out to you
But my hands keep trembling, know the truth is truuuuuuue

It's night but the sky's not falling
It's night but the sky's not falling
And now you're gone
I must go on!

A lonely child with a telltale heart, cursing endless bloom
A tired phonecall on a broken line, I know what I must do

It's night but the sky's not falling
It's night but the sky's not falling
And now you're gooooooooooooooooooone!!!
I must go on!
I must go on!
I must go on!
I must go on!
