## Zombie Ghost Train

Mystery Woman got my soul (4x)

Well here's a terror tainted tale on a foggy moonless night, when evil became my bride  
Well I bleed and I bleed on my wailing sounds she feeds, that mystery woman of mine

Well that mystery woman's taken my soul, Well that mystery woman's blood runs cold  
She's got a cemetery in her closet, took my soul as a deposit, mystery woman's got my soul

She's got crimson lips and a poison heart, She'll pry your peepers from your skull  
She's got cold black eyes and pale thighs, into the darkness we go

Well that mystery woman's taken my soul, Well that mystery woman's blood runs cold  
She's got a cemetery in her closet, took my soul as a deposit, mystery woman's got my soul (2x)

She's a parasite that feeds on anything that bleeds, I feel all spooky inside  
She's a terror totin' mamma with a price upon my head, that darkness damsel of mine

Well that mystery woman's taken my soul, Well that mystery woman's blood runs cold  
She's got a cemetery in her closet, took my soul as a deposit, mystery woman's got my soul

That mystery woman's got my soul (2x)
