

Fading Away

Zombie Girl

He's got a power over me
I couldn't foresee
He's got his hooks in me
He won't let go
Until I'm fading away
I'm fading away
I'm fading away
I'm fading away

I should've known before I fucked ya
Guys like you are rock and roll
Headin' on a roller coaster for destruction
Love is but a game
And someone will pay
By fading away
Fading away
Fading away
That's right

I should've known before I fucked ya
Guys like you are rock and roll
Headin' on a roller coaster for destruction
Love is but a game
And someone will pay
By fading away
Fading away
Fading away
That's right
