

Living Dead Superstars

Zombie Girl

Here we come, Here we are
The living dead superstars

It's time, time to join us
We're going on a noise crusade
Lets get together baby,
Walk through the city to invade.
Every body, every single head
Spread the noise, Fear the dead
Lets get together spread fear to the city,
Lets invade!

Here we come, Here we are
The living dead superstars
Here we come, Here we are
The living dead superstars

It's time, time to join us
We're going on a noise crusade
Lets get together,
And spread fear through the city; Lets invade!

Every body, every single head
Spread the noise, Fear the dead
Lets get together baby
Walk through the city to invade!
(to invade)

Here we come
Here we are
The living dead superstars
