### Zombie Girl

She never had an education  
She uses life as her vocation  
Standing on ledges  
Clinging to the edges  
The world's a hard place to land on.

She has this one-way conversation  
Trying to avoid a confrontation  
Memories of the kind  
That she'd rather leave behind  
The world's a hard place to land on.

Life can be lonely  
Life can be very sad  
Life can be suffering you wish you never had.

She never had any affection  
So she relates well to rejection  
No stories wait discovery  
Tears as best recovery  
Never had a chance from the beginning.

She just sleeps all day  
in her squally little slum  
and takes little white pills  
to make her body feel all numb.  
And it's dark and dirty  
and there's nothing left to eat  
and in her heart  
there's a feeling of defeat.

Life can be lonely  
Life can be very sad  
Life can be suffering you wish you never had.
