

## Blue Sea

Zoot Woman

You say that something is not right  
And I can't tolerate  
Forget what we don't understand  
We can handle it  
If only you and me could cross the blue sea  
Why break the promise  
I don't want to let you down  
Just want to make everything right  
If I lost it  
If I lost you  
If only you and me could cross the blue sea  
Going to the other side  
If only you and me could cross the blue sea  
Cross the blue sea
