

Maybe Say

Zoot Woman

Can't keep you secret
The place we've arrived
I'm afraid to face
Helpless
And underneath words
meanings still remain

I'm a fool and your angel
telling lies

Still I can't let this go
Or stop to
Maybe say
That I won't let you go
Wish I could
Maybe say

Wasted
Looking forward to the past

If you won't be taken
I won't try

Still I can't let this go
Or stop to
Maybe say
That I won't let you go
Wish I could
Maybe say

Still I can't let this go
Or stop to
Maybe say
That I won't let you go
Wish I could
