

Woman Wonder

Zoot Woman

It's alright
Love is all you want
Woman wonder
It's alright
The process cured
Now I've found her

You show me more
That I've not seen before
Your instinct cures
No need to reassure

Woman wonder
Am I under
Woman wonder
Woman wonder

It's alright
This is all I want
Growing fonder
It's all I need
Nothing compares
Woman wonder

You show me more
That I've not seen before
Your instinct cures
No need to reassure

You show me more
That I've not seen before
Your instinct cures
No need to reassure

Woman wonder
Am I under
Woman wonder
