

## Woman Wonder

## Zoot Woman

It's alright  
Love is all you want  
Woman wonder  
It's alright  
The process cured  
Now I've found her

You show me more  
That I've not seen before  
Your instinct cures  
No need to reassure

Woman wonder  
Am I under  
Woman wonder  
Woman wonder

It's alright  
This is all I want  
Growing fonder  
It's all I need  
Nothing compares  
Woman wonder

You show me more  
That I've not seen before  
Your instinct cures  
No need to reassure

You show me more  
That I've not seen before  
Your instinct cures  
No need to reassure

Woman wonder  
Am I under  
Woman wonder
