

# Miracles

Zornik

Some of us don't even know  
Most of us don't even try  
Do you believe it's there  
Do you believe it's coming back  
I do

My dreams are drifting to the shore  
Sometimes they just slip away  
But I believe it's there  
I believe it's coming back again

So what, I believe in miracles  
Oh yeah there is nothing that brings me down  
So what, I believe in miracles  
Oh yeah there is nothing that brings me down  
down  
down

Some of us don't even know  
Most of us don't even try  
Do you believe it's there  
Do you believe it's coming back again  
Do you believe it's there  
Do you believe it's coming back again

So what, I believe in miracles  
Oh yeah there is nothing that brings me down  
So what, I believe in miracles  
Oh yeah there is nothing that brings me down  
So what, I believe in miracles  
Oh yeah there is nothing that brings me down  
So what, I believe in miracles  
Oh yeah there is nothing that brings me down  
down  
down  
down

And I'm down on the floor  
And there's no one to help  
I just say to myself  
When you die  
you die  
alone
