

# Big Fish

Zox

Sometimes I think it would be better  
If you just walked away  
And stopped returning phone calls  
Come out to see the band play

Lady, Leave me, I will love you more  
Sometimes I only speak when  
I'm ignored

Big fish, little fish don't swim back to me  
Eww eww eww eww  
Circle my ship and slip back into the sea  
Eww eww eww eww  
I'm sending out a  
Warning 'cause I think you oughta know  
If catching you is easy then I'm gonna have to let you go

Sometimes I wish you wouldn't smile  
Every time I come around  
And pick me up so easily  
Every time I let you down

And baby  
Make me  
Crazy  
If you can

Miscommunicate to make me  
Understand

Big fish, little fish don't swim back to me  
Eww eww eww eww  
Circle my ship and slip back into the sea  
Eww eww eww eww  
I'm sending out a  
Warning 'cause I think you oughta know  
If catching you is easy then I'm gonna have to to let you go

Let you go home  
I can swim like a stone again

Big fish, little fish don't swim back to me  
Eww eww eww eww  
Circle my ship and slip back into the sea  
Eww eww eww eww  
Big fish, little fish don't swim back to me  
Big fish, little fish don't swim back to me  
Big fish, little fish don't swim back to me
