Would you like to
see me?
Three lines intersected
puzzle, jigsaw

From the soil grow outlines
another hereabouts
whatever you like...

I'm here, this land
Can you see ?
Crossing the brook
you're walking in my thought

Smell of water and the leaves
picking painted crocks
puzzle, jigsaw

You'll always meet me here
you can meet me here

Rain charmer
has already
half of his face
The lines are cutting across

The blue will be spilled
blue will be spilled

Smell it, I am here
you'll always meet me
here
