

Your autumn body  
is beautiful  
-that I've always looked for

By the hands  
sharply  
and slowly down  
my closest friend of mist  
quite so  
so, quite so

In whole wavy plane  
every stroke like one  
The autumn cheek  
and kiss

One sight left  
one right  
and only you know  
- absolutely tuned  
so  
so, quite so
