

## Riot Radio

ZSK

take a look at you  
take a look at chiapas mexico  
you only see, what they want us to see  
you only know, what they want us to know  
but this is war!  
these are the people with no rights  
part of the slaves of globalisation  
killed by right wing groups and oppressed by the state  
the armed conflict is their last resort

What we need a is voice for voiceless - a riot radio  
Come on and make your choices - join the riot radio  
-Riot Radio-  
-Riot Radio-

you gotta understand  
the zapatistas didn't want no war  
pressed by the question weath retoedi  
or to take a gun in your hand.  
what would you do?

What we need a is voice for voiceless - a riot radio  
Come on and make your choices - join the riot radio  
-Riot Radio-  
-Riot Radio-

we are doing this song, cause it is important to us  
to see you get involved and active!

-Riot, Riot, Riot, Riot Radio-  
-Riot, Riot, Riot, Riot Radio-
