

# You've Chosen Me

Zucchero

You've chosen me,  
Oh no....  
When it happens  
I've chosen you  
I don't know  
When it happens

Changes my life to a love song  
This love is so strong  
You've chosen me  
And now that I, I've.....

I've chosen you  
Oh, oh, my love  
Let it happen  
Changing my life to a love song

Changing my life to a love song  
This road is so long  
I'm a runaway train going off the rails

My love is so strong  
I don't know why  
If you.....

You've chosen me  
Oh pass my way  
If it happens.
