Right is yours, demonstrate (demonstrate)  
Smoking to suffocate (suffocate)  
Carnival they got my body (they got my body)  
Nothing to compensate (compensate)

You ain't that kind of carnival, baby  
Carnival like never before  
You ain't the king over all the world, baby  
Cause the whole world ain't got no rule

Slaaaaaam!  
Slam! Comin' with me  
Slam! Comin' with me  
Slam! Comin' with me  
Slam! Comin' with me  
Slaaaaaam!  
Slam! Comin' with me  
Slam! Comin' with me  
Slam! Comin' with me  
Slam! Comin' with me

Cryptical is my place (is my place)  
Rebellions of a race (of a race)  
Carnival they got my body (they got my body)  
I can run, they can chase (they can chase)

You ain't that kind of carnival, baby  
Carnival like never before  
You ain't the king over all the world, baby  
Cause the whole world ain't got no rule

Parasites crawl inside you  
Let them come take over you  
Feel them run inside of you  
I bet that day will break you

You ain't that kind of carnival, baby  
Carnival like never before  
You ain't the king over all the world, baby  
Cuz the whole world ain't got no rule
