

## Bitter Moon

Zulu Winter

Brought em still on too easily friend  
Time will ..mine is gone  
what will I do when all  
I do it, is set for the moon and stars  
just through it all away

Right from the start much unbold heart  
Just like a colding crol,  
it leaves pretty good time in luck  
and froze ti all away

Hey, turn all the light on  
this bitter moon is rising  
Hey, turn all the light on  
this bitter moon is rising  
(2x)

All the people and ..  
make too much enough for ..  
standing us to be  
but in town..  
I know and they know me  
and we wept our black and love cold and clean  
for throw it all away

Hey, turn all the light on  
this bitter moon is rising  
Hey, turn all the light on  
this bitter moon is rising  
(2x)

Hey, turn all the light on  
this bitter moon is rising  
Hey, turn all the light on  
this bitter moon is rising  
(2x)
