But I wait for you, to get back and be cruel
Is there no touch, no tingle, no terrible ,
For me to relieve, for me to rely on

What kind of man are you, holding on to that feeling?
What kind of man are you, holding on to that feeling?
, a dream, a ,
, a dream, a ,

How deep is , now, that catches our thoughts
And , soft, , remain true
All our 6 songs, we , is faith and desire
To feed our , before our eyes closing

What kind of man are you, holding on to that feeling?
What kind of man are you, holding on to that feeling?
, a dream, a ,
, a dream, a ,

What kind of man are you, holding on to that feeling?
What kind of man are you, holding on to that feeling?
What kind of man are you, holding on to that feeling?
What kind of man are you, holding on to that feeling?
