

THE SILENCE OF MY HOUSE

Zuzana Smatanová

Silence, oh Silence please don't leave
our own house ...

Comfort, oh Comfort please be thrifty
to our house ...

Loyalty, oh Loyalty you can be in need
of us ...

Solace, oh Solace please guard our
Silence of house!

Thankful I'm thankful to every support
which helped us ...

Hours and minutes today stopped for us ...

I resist, I resist the pressure that's
puttin' on us ...

I'm not sure, I'm not sure if I feel
the Silence of house ...

How can I be dependent of this kin,
how can I be insane not to be in contact
or without telepathic way!

How noble can be that effect of
dusty-covered furniture if I observe
past-days and than I can see the Silence of house!

Mizery, mizery maybe you won't know
rooms of our house ...

Esteem, oh esteem you were born
into our house ...

No letter, no letter in my post-box from
the house ...

I'm too far, I'm too far to hear
the heart of my house ... the Silence
of house ...

The Silence of my house ...
