

# Heartsong

Zwan

Come in  
Make yourself at home  
I'm a bit late  
Hate to make you wait

But heart songs  
Are still on my mind  
There's never the time  
To write down these lines

How can you say  
That I don't need you  
Just be sure  
No more, no less  
Let love confess to you  
What you must do

Come on  
Let's hit the road  
I'm up to my tricks  
I know they seem cold

But heart songs  
Are all that I am  
I use the same words  
To say the same things

How can you say  
That I don't need you  
Just be sure  
No more, no less  
Let love confess to you  
What you must do

How can you say  
That I don't need you  
Just be sure  
No more, no less  
Let love confess to you  
No less
