

# Can't Stop Rockin'

**ZZ Top**

1. I heard about the rock for sometime I know  
it's easy to do when you feel the roll  
makes you want to get up, makes you wanna move your feet  
no matter how it's done you know it can't be beat

R: 'cause I can't stop rockin'  
no I can't stop rockin'  
well I can't stop rockin' baby till I lose my mind

2. Somebody said it's wrong but I know it's alright  
then it really hits you like a shot in the night  
I'm never gonna stop as long as I can stay  
listen to me now can't you hear me say

R: I can't stop rockin'...

3. I like to work it down low, I like to work it to the top  
and when it starts to rockin' I ain't never gonna stop  
get yourself loose, get yourself high  
I love the feeling of the motion and I'll tell you why,

R: 'cause I can't stop rockin'...
