

I Got The Message

ZZ Top

1. I'm picking up on a signal
that's in the air tonight
it's sparkin' my receiver
it feels like dynamite

R: I got the message
but i wanna get it straight from you

2. My mind is electric
i'm about to blow a fuse
the cockpit is empty
so shoot it down the tube

R: I got the message...

3. I've got to make a connection
I'm on needles and pins
working uo a printout
and I'm gonna zero in

R: I got the message...
