Now I just got back from baby's, we been rollin' all night long. I said I just got back from baby's, we been rollin' all night long. She comeon likes and loves me, but I feel like somethin' wrong.

Now, sometimes I go see baby, and sometimes she come see me. I said, sometimes I go see baby, and sometimes baby come see me. I got a funny, funny feelin' I'm not the only man she sees.

Now, I just got back from baby's, big white house on the hill.

I said, I just got back from baby's, big white house on the hill.

If her lovin' don't get me,

I know her husband will.
