

## Tell It

ZZ Top

1. I gotta find out what's in my mind  
I'm a little mixed up but it feels so fine  
why does love have to come and go  
if it's got to leave why does it go so slow

R: Just tell it tell it like it is  
tell it tell it like it feels  
tell it to me baby

2. I have a feelin' that I'm goin' insane,  
I've fallen in love but can't remember her name  
she prob'ly stepped out and she's coming back again  
but if I don't know her how can I let her in

R: Just tell it tell...

3. How could this ever have happened this way  
well sometimes love turns out that way  
sometime it's cold and sometimes it's hot  
but it's better to have it than to need it and not

R: Just tell it tell...
