

# Trippin'

ZZ Top

Ohh I got my guitar  
Ohh my guitar

I got a favorite place  
In a favorite town  
In a favorite foreign country  
I been hangin' around

It ain't too big  
And it ain't too far  
And then when you go  
Crazy with our head in a jar

And go trippin'  
Trippin', away

You got a secret slot  
In a secret spot  
And we could secretly freak out  
If you gimme a shot

And secretly meet tomorrow  
If i tell what time  
Tell me whats your name  
And what's your sign

Let's go trippin'  
Trippin' away

You can take your half  
Or you can take mine  
Its totally shine or totally blind  
But one or the others gonna' work out fine

We go trippin'  
Trippin' away

We go trippin'  
Ohh we go trippin'
