

# Cannonball

ZZ Ward

I hear the rain on the rooftop  
Crown and Coke on a table by my bed  
I'm lying here like it's my grave  
A bag of bones with a fire in my head  
Oh, yes, I am

I tell you, "No", then I start to give in  
You tear me down, then we do it all over again  
And again

I'm down on my knees and I'm screamin'  
I'm a fiend, and I'm beggin' you, please  
If you don't love me, baby, just stop  
Tell me, how can it be I'm still bleedin'?  
I can't quit, I need help, set me free  
Shook me up 'cause you know that I'll cry  
Fly, then I fall every time that you call  
I'm nothin' but your cannonball (cannonball)

When you was hungry  
Girl, you came knockin' at my door, yeah  
I fed you misery 'til you kept comin' on back  
And comin' on back for more, mmm...  
My heart was homeless  
My lust, for vampires and whores  
Still you kept comin' on back for more  
C'mon, girl

I'm down on my knees and I'm screamin'  
I'm a fiend, and I'm beggin' you, please  
If you don't love me, baby, just stop (No, no, no...)  
Tell me, how can it be I'm still bleedin'?  
I can't quit, I need help, set me free  
(I want to get outta here, I wanna go home)  
Shook me up, oh whoa whoa...

Fly, then I fall every time that you call  
I'm nothin' but your cannonball (Your cannonball)

I tell you, "No", then I start to give in (Let's do)  
You tear me down, then we do it all over again  
(Let's do it all over again, mmm...)
